Data, Cloud & Tools: MongoDB, MySQL, AWS, Git, GitHub, NPM, Webpack, Sass

Work Experience

Full-Stack & AI Developer

Freelance · Fiverr Level 2 Seller — *Dec. 2020 - Present*

- Completed 163 orders with a 4.8★ rating across 126 reviews (124 of them five-star).
- Built web platforms with React, Next.js and Node.js, from landing pages and micro sites to dashboards and SaaS products.
- Built AI products with LLM APIs, including an AI tutor chatbot (ProfBot) and an AI podcast-creation tool (Podship).
- Took client products from design and prototype through launch and ongoing support.

Mobile App Developer

Freelance · Flutter & React Native — *Dec. 2020 - Present*

- Built the Billiie mobile app for managing digital signage screens from a phone, and the Billiie screen app for TVs, both with React Native.

WordPress Developer

Freelance · Elementor & WooCommerce — *Dec. 2020 - Present*

- Built business sites, landing pages and online stores, plus custom themes and plugins.
- Handled speed optimization and site migrations.

Browser Extensions Developer

Freelance — *Dec. 2020 - Present*

- Developed multiple Chrome extensions using React.

Projects

Shop With Dice · *shopwithdice.com* — *React JS, Laravel, Reactstrap, Google Maps, Reverse Geo-coding*

- A global directory of the best shops in each city, with curated collections that source products directly from these stores.

ProfBot — *React JS, Node JS, LLM APIs, Firebase*

- An AI-powered chatbot that helps university students become better learners with personalized, real-time feedback.

Podship.ai — *React JS, Node JS, LLM APIs, Firebase*

- An AI-powered podcast creation tool that generates a full creative brief, guiding users from concept to completion.

Billiie Website · *billiie.co* — *Website*

- Website for the Billiie digital signage platform, covering its features, pricing and sign-up.

Billiie Mobile App — *React Native · iOS & Android*

- Mobile app for the Billiie digital signage platform: manage screens from a phone, upload content, schedule playlists and monitor whether each screen is online.

Billiie Screen App — *React Native · Android TV & Fire TV*

- TV app that turns any TV into a digital signage display for menus, promotions and announcements.

More work: Qarlo, Bizroutes, LionBase LLC
